

Communities Need Clinics

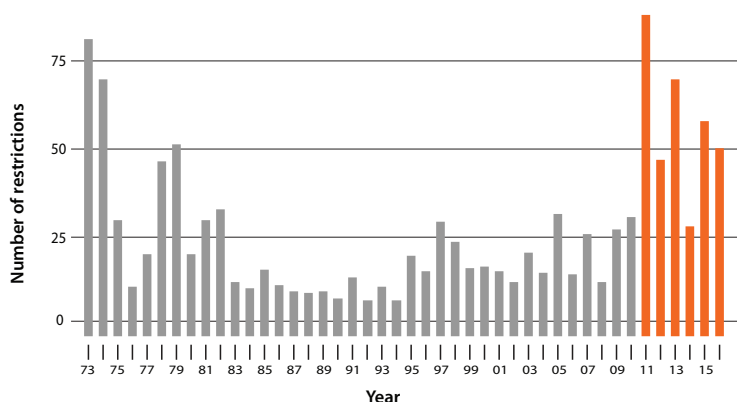

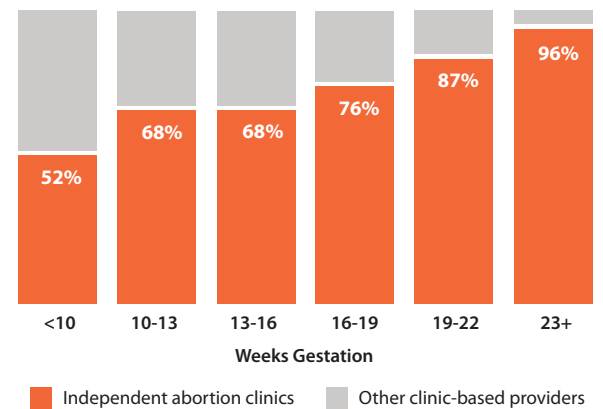

INDEPENDENT ABORTION CARE PROVIDERS ARE ESSENTIAL FOR ABORTION ACCESS

Independent abortion care providers perform 60% of the abortions in the United States

ABORTION CARE THROUGHOUT PREGNANCY DEPENDS ON INDEPENDENT CLINICS

The majority of clinics providing abortion care at every stage of pregnancy are independent clinics

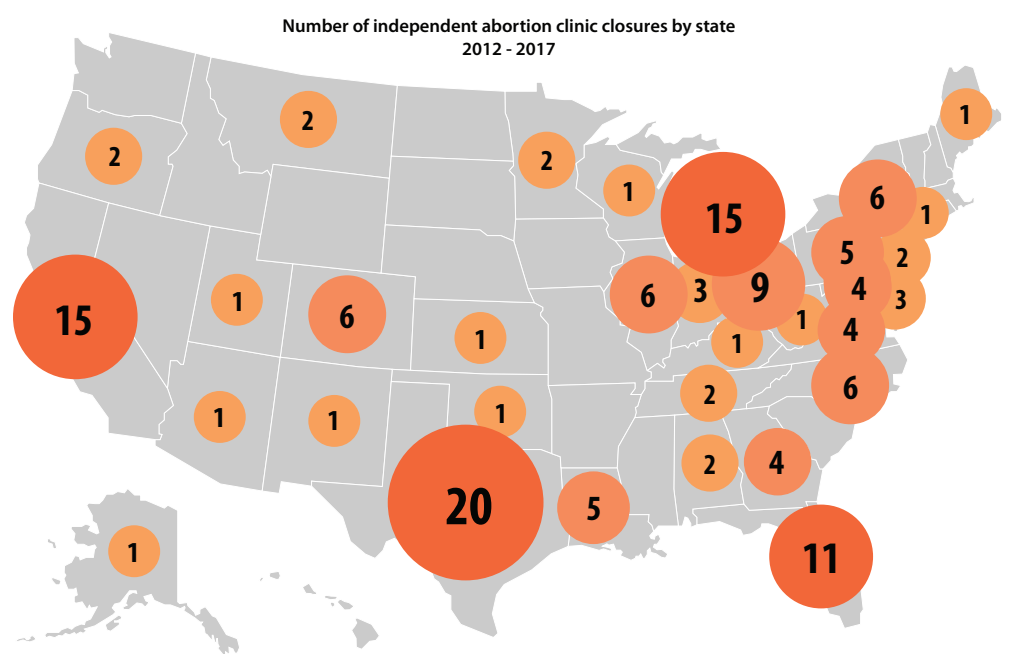

ANTI-ABORTION LEGISLATION DEVASTATES ACCESS TO ABORTION CARE

In the last 6 years, states have passed 338 laws that make abortion care more difficult to access

CLINICS ARE CLOSING AT AN ALARMING RATE

Almost 30% of independent providers have closed their doors in the past 5 years

WHEN CLINICS CLOSE, ENORMOUS BURDENS ARE PLACED ON PATIENTS, PROVIDERS, AND COMMUNITIES

Both medical and personal out-of-pocket costs increase when clinics close; some people may not be able to obtain an abortion at all

INDEPENDENT ABORTION CLINICS NEED YOUR HELP TO KEEP THEIR DOORS OPEN

Tell your friends about independent providers, get involved in state-based advocacy efforts, donate to your local independent clinic, and support Abortion Care Network
